

BIOME MEDIC

Protect
your gut from
GMOs

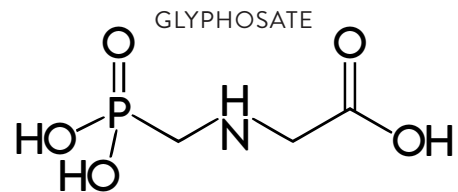

GMOs ARE IN 75% OF OUR FOOD

Genetically modified food (GMO) is getting nearly impossible to avoid.

Meal after meal... day after day... year after year we eat compromised food.

- Breakfast cereal
- Chips
- Ice cream
- Bread
- Conventional fruits & vegetables

Experts point to an herbicide, a toxic chemical, called **glyphosate** as the primary problem associated with GMO food. Glyphosate residue can't be washed off or baked out of the foods you buy. And this chemical **kills all organisms** that are not GMOs, including your healthy gut bacteria. Worse yet, the World Health Organization and National Academy of Sciences have identified glyphosate residue as a "probable carcinogen." And on July 7, 2017, the State of California went one step further and declared that glyphosate "**causes cancer and birth defects.**"

SYMPTOMS OF A COMPROMISED MICROBIOME

- Poor Digestion
- Feeling Bloating
- Foggy Head
- Tired
- Headaches
- Joint Pain

THE IMPORTANCE OF A HEALTHY MICROBIOME

The microbiome may be the most important part of our body that you've never heard about. It's commonly known as "the gut," but scientists also refer to it as our "second brain". The microbiome is responsible for **80% of our immune response**. Plus, most nutrient absorption and cleansing takes place in a healthy microbiome. This means that everything from **energy** to **weight management** to **digestion** to **mental clarity** can be traced to the health of your microbiome.

HOW BIOME MEDIC WORKS

Biome Medic is an **exclusive** and **proprietary formula** of all-natural ingredients that help protect your gut from GMOs and glyphosate. It could be said that Biome-Medic goes beyond non-GMO and is truly **the world's first "Anti-GMO" product!**

1. It **REMOVES** the toxic chemical glyphosate from your microbiome
2. It **SUPPORTS** the "good" bacteria to boost your immunity
3. It **REBUILDS** the gut villi for better nutrient absorption, digestion and weight loss

So, Purium has identified the **PROBLEM**. The problem is a compromised microbiome. We've identified the **CAUSE**. A toxic herbicide that is in 75% of the food we eat. And, most importantly, we've found the **SOLUTION!** Biome Medic.

BIOME MEDIC MAY IMPROVE YOUR HEALTH

GMOs and glyphosate are getting nearly impossible to avoid.

This is your chance to protect yourself and your family from a danger that is impossible to see.

Biome Medic is effective, natural, safe and simple for the whole family to take, every day.
